**FOLLOW YOUR PATH**

JAWS

IPATH Footwear & Apparel was birthed in early 1999. The Company was originally formed as “sacred path” and then changed to “I PATH” prior to the launch; the all encompassing “I” that represented a feeling would later evolve and take shape as “Follow Your Path.” It arose from the skate streets of San Francisco and New York, the Redwood Forests, the communes and beaches of Northern California and in the mountains of Japan ... a perfect mix of urban raw and roots hippie.

CLASS  
IS  
GREENER

It was a coming together of a unique and eclectic group of individuals following their path, with everyone contributing something special; some talent, some concept, some contribution... doing their part and lifting one another up to create positive change in skateboarding and in life and to create the foundations of what the company was and how we operated. IPATH meant passion and the true feeling of living your dreams. We created an underground movement in a tight knit industry, offering up a product that changed the scope of thinking around skate footwear. The product concept was classic casual re-invented; a shoe that allowed you to feel your board, blended with soul, feeling, passion, art, music and creativity, along with pioneering eco-sustainable within skateboarding footwear and youth culture.

Today we are proud of the brand we have created and the message we are telling. IPATH has and always will be a roots feeling. It's a feeling that, as we look back on 10 years, is still the same, and as it manifests itself in different ways; through growth, family, business, skate team, internal team, sales force and all the disciplines that go into the day-to-day... we are grateful to the people we've met along the way and every individual that has contributed to the feeling that is... IPATH.

## IPATH'S PRODUCT COMMITMENT

**IPATH has been humbly Green since 1999**

and we promote environmental sustainability for the benefit of present and future generations of skateboarders to come. Since the beginning, it has been essential for IPATH to offer alternative materials such as hemp, organic cotton and other sustainable materials to our customers. We are on a never-ending quest to research new ways to make our products better and reduce the impact this has on the environment.

### OUR MATERIALS

Minimizing waste and utilizing the finest materials; from suede, leather, canvas, hemp, synthetic leather and others benefit the end user with superior product designed for the ultimate durability and comfort.

### HEMP

Hemp is featured throughout the IPATH product line, from footwear to apparel and accessories. Hemp is one of the fastest growing plants, making it a renewable resource. It is also incredibly durable- making it ideal for skate shoes.

### VEGAN

This symbolizes IPATH product made of non animal based products. We were the first to use hemp in skateboarding shoes way back in good ol' 1999.

### STASH POCKET

IPATH was the first to offer a Stash Pocket in our shoes and we still do; each and every shoe has one under the tongue. Hide away your money, keys or whatever valuable merchandise you wish to keep concealed.

**FOLLOW YOUR PATH**

**IPATH began with some distinct styles of shoes that were built for skateboarding but influenced by lifestyle. These original iconic styles are our product foundation and provide the inspiration for our entire line to this day.**

**Bob Burnquist on Hemp:**

**"I like Hemp for my skate shoes because it is extremely durable and a renewable resource."**

**Adam Alfaro on the IPATH Stash Pocket:**

**"How great is that? I can keep my stash away from the fuzz in IPATH's handy dandy Stash Pocket."**
